City Begins Spring Park Improvements with \$400,000 Grant

Green Cove Springs- City Council approved a \$400,000 Land and Water Conservation Fund grant for improvements towards Spring Park. The grant is a matching grant and requires \$200,000 from the city, either through general funds or an in-kind match.

The grant will fund several long-awaited renovations and upgrades to Spring Park. Projects include renovating a picnic pavilion, upgrading playground equipment, boardwalk, shuffleboard court and river overlook with fishing pier, extending trails along the river and building new additions such as a canoe/kayak launch, handicap accessible playground, historic replica lighting, and an overlook swing.

These renovations and additions are included in the adopted FY 2018-2022 Capital Improvement Plan and have been part of larger park improvements, which started with the renovation of the Spring Park pool and spring enclosure.

The City submitted a grant application to the Department of Environmental Protection in May 2017.

For more information, contact Principal Planner Janis Fleet at 904-297-7500, ext. 3317 or jfleet@greencovesprings.com.
