

# If I were mayor for a day I would . . . .

Written by Aidan Simmons

If I were a mayor for the day I would make some big changes. Each civilian would get a free fence and private property sign. Trespassing would be prohibited. A second thing I would do is give money to both single and homeless parents, and lower prices for simple things.

Another thing i would do if i was the mayor would be single parents get 1.3k a month and homeless single parents get 30% more, also gas prices would be 10 cents per gallon.

House pieces minimum would be 500 per house. Kitchen, living room, and bathroom furniture would be like 1k, or you could get a gift card called the "Fruniture deal" for the entire house with a 50% discount.

Also I'll make Green Cove a country and the race would be called "Green Coveillians" and the country called Green Coveillia".

And my grandma would be the president. She would be president Annie Smith. Also, racism and sexism will be BANNED and will NEVER be tolerated, and if jokes or anything is made about that the FBI will legally and publicly execute them.

Also, more buddhism & christian churches will be built.. And hate for any religion will be BANNED and leads to hot tomato throwing execution.

# If I was mayor for the day? I would....

*Written by, Skylar Johnson*

***If I was a mayor for a day,*** First I would make a homeless shelter, Then, make food prices go down, and , Finally I would accept all people anywhere and everywhere. Read this Essay to find out why I would be Mayor.

***First,*** I would make a homeless shelter for homeless people. Why not, because when people do not let their own family not live with them, that's just cruel. Second, I would make one because they are on the street begging for money and food and then some people are not giving that to them because they are disgusting and homeless. Finally, If I did make one I would have pillows, blankets, beds, bathrooms, and food for them so they have everything they need.

***Secondly,*** I would make food prices go down, because some people do not have enough money to pay for the food or items that they bought. Some people do not let them use their food stamps for the food they buy because they are just "*mean*" and they are supposed to let you use them. Then they accuse the customer for doing something they did not do and then the customer gets in trouble for it and the employee actually did the wrong thing.

***Finally,*** I would accept all people into this world because, some people do not accept; fat, big, tall, ugly, weird, and any other person that is any type. I do not like people who pick on other people because that is bullying. If people take your things that are bullying and that person will only pick on you because you are ugly, fat, big ,weird , whatever and you should be nice and you get rewarded.

***In conclusion***, and now you know why I would be mayor because, help the homeless, make the prices go down, and accept all people. That is why I would be mayor for the day and all thoughts are the right thing to do. In my perspective I would be a great mayor.  nnnnnn

What would happen if I was mayor for a day?  
Written By Colton Dunlap

What would happen if I was mayor for a day? First, I would make the best day for everyone by making the food price go down.. second, I would help the homeless by giving them food and making them a homeless shelter. Third, I would make everyone kind to people.

It would make the best day for everyone by making the food price go down. Because there can be poor people and they need food. Then, they can get a little money so they can get food. Other people can save money with the low price of the food.

It would help the homeless by making a homeless shelter. This is so they can get food at the shelter. Next they can get washed up and get medicine if needed. This is because people can be poor and I do not like that because it is sad to see people like that.

It would make everyone kind to each other. Next, Is because I don't want people to steal the homeless money. Then it is because I don't like the homeless people getting bullied because they are homeless. Then people don't steal the food that the homeless have to eat or drink because it is very sad to steal.

It would be great to be mayor for the day. I can open all the homeless shelters for the homeless. Then I can give them all the food they want. Then is I can make everyone kind to each other because people are mean. It is because homeless people are poor and can't do most of the things people with money can do.

## If I Was Mayor For A Day I Would?

### Written by Zaria'h Desue

What would you do if you were mayor for a day? Well if I was mayor I would give everyone a new iphone 17 pro. I would also give parents in need food stamps. I would also make school 3 days a week and school hours shorter and more homework.

If I was mayor I would first give everyone a new iphone 17 pro. The reason I would give everyone an iphone 17 pro is because you have Siri. If you are in an emergency you can say "Hey Siri, call 911". You can also use the iphone if something comes up and you're on your way to work you can say "Hey Siri call my boss".

I would also help parents in need. One way I can help parents in need is I can give them food stamps. One reason is because they say our parents get paid too much. And some parents can't support their kids because maybe the kid's mom, or dad, and maybe their grandparents might have died. Their parents also need to buy the kids clothes and pay rent to keep a roof over them and their kid's heads.

Another thing I would do is make school days shorter. Therefore the kids would get a break. I would also make school hours shorter. The reason why is because we can get more hours at home. And have more homework.

In conclusion, if I was mayor I would give everyone a new iPhone 17 I would also give parents in need food stamps. I would make school 3 days a week and school

By Zaria'h Desue

hours shorter and more homework. If I had a chance to do this again I would. And writing this was really fun.

# Mayor

## By ruby wright

### introduction

What I would do as a mayor.....

I think it is really cool to be a mayor. You can help People who need help. Also people who helped others. Here are my recommendations.

I want to meet the katseye members because I love their songs. me and my friends do their dances. Their outfits are so cute. Their names are Daniela, shophia, yooncha, manon, lara, and megan. And they helped a little girls family

The second thing I want to do as a mayor. Make things cheap. When people don't have money. I would make them like 2.00\$ Or free, and I gave a homeless person a few dollars I felt good after. People need important stuff. But what if they don't have the money

Third, I want to build homeless people houses for free. I think it will be good For the environment because they need a place to stay. If it rains, snows, or Hail. not just houses other buildings, maybe banks or a hospital. If i cant Build Houses. I can make a home with fewer shelters.

### conclusion

This is my reasons i would be a mayor for a day i really like helping people. These reasons can be recommended for any one. Mayors are really Lucky. because they can help. Can you make the world a better place?

## What Would You Do If You Were Mayor For a Day

### By Fionna Carter

What would you do if you were mayor for one day? If I was mayor for one day I would do three things to make life just a bit better. Step one would be to make school Tuesday, Thursday and Sunday only. My next step will be to make, food and drinks less money. Last but not least I would make sure to have playgrounds or to remodel old playgrounds.

Yes you read that's right school would be Tuesday, Thursday and Sunday. Why, you ask. I'll tell you why because some Mondays are rough because it's the first day of the week and you normally are sleepy. Why school on Sunday? Well... because no one wants school on Saturday or Friday that's why, but there is one thing instead of just six hours it's eight hours.

The next step is to make food and drinks less money. Yeah, I said less money! Food should be less expensive because groceries are getting WAY too expensive like 250 dollars for a week of food! And don't start saying drinks aren't expensive because people are making water money WATER! Water is natural, it should be free! Unless we're going to have to start paying to walk on grass I say water is free!

Okay here's something exciting: all the old playgrounds will get glow ups! Here's why. Because all the kids, hurricanes, precipitation... sometimes fires will make the playgrounds... defective and no ones kids want to get hurt. Oh speaking of hurt there are no bullies allowed on the playgrounds at all. No one over the age of 12 can go on the playground. No phones on the playground either.

In conclusion school is shorter, food and drinks are less money and there will be new playgrounds. So if you want less school, more money and more playgrounds vote for me thank you! Hope you like the changes!

# If I was mayor, what would I do?

By Aniy'lah Coleman

If you were mayor what would you do?  
Built a home shelter. give kids toys and give  
cats and dogs treats.

First, I would make a homeless shelter  
and feed them and give them water so that  
they can stay warm and give them a good  
shirt and shorts and shoes.

Second, I will give kids toys, give them  
things that they like, I will get them games  
and let them spend time with their family.

Third ,I will go to a pet shelter and buy  
them cats, treats and dog treats and let  
them have the best day ever and I will get  
some kittens and let them have a home.

That's is will I do if I'm mayor? What will you do? Build shelter and give kids toys and feed dog and cat treats.

## If I Were To Be Mayor For A Day I Would .....

By, Belen Santiago

If you were to be mayor for a day what would you change? If I was a mayor I would change a few things. First I would make school four days a week only. Second I would try to make food less expensive. Lastly I would help the people who need it.

I would make school four days a week. I feel like we have a lot of school and work at school a lot and we have to go to school every single day. However, we still have to do school work but, a little more fun. I think people would like this change a lot.

I want to make food less expensive for everyone. Food is a necessity that everyone needs. It is important which is why I chose it. People would probably be very happy by this. Would you be happy by this change?

Finally, I would help the people who need it. I want to make sure people who need help receive the help they need. I don't want anyone to make fun of them either. If you were the one to be made fun of you wouldn't like it would you? I know you would want to be treated badly.

In conclusion, this is how my day would go being a mayor. Do you think that I would be a good mayor? I would say that I would be a great mayor. What would you do if you were mayor for a day?

Sincerely, Belen

# If I was a mayor for a day I would...

Written by Eithen Diaz Diaz

What would you do if you were a mayor for a day? Well, I know what I will do. First I will get the school bus to pick you up everywhere. Secondary I will lower the food prices. Third I will give all the homeless people a home shelter and give them food and water and free phones.

First I will get the school bus everywhere because it is not fair to live more than 2 miles to ride a school bus because what happens if you don't have parents or can't bring you home and you don't know how to walk home and its raining and can not go to home because its all wet you will get in the water and wet yourself.

Secondly, I will lower the prices because there are people that dont have alot of money and can not buy food. And give people free food in the streets and water or soda. And give them some money so they can buy a house. And feed their kids if they don't have food and pay school and a car and couches and decoration and a work to have money.

Finally I will give people shelters for homeless people free food and phones because they dont have money and dont work and cant afford food and i will give them a free phone because they might be bored and want to have fun and play and talk to other people and talk to their family. And kids and give them cars to work and not walk home and go safe.

In conclusion if I was a mayor it would be a little better because the homeless people will have work and food to eat. And the bus will pick them up, and living everywhere will be good because if its raining and their parents have work and you don't have a bike you will be wet and can be sick or get water to the class room. Lastly I will give every homeless person some food so they can eat and water or milk if they have a baby.

# If I was Mayor for the day I would....

## From: Genesis Storm Polke

- Make more art classes to help people draw and know art.
- Help people get money so they can help other people get money and a house.
- Make more houses, more flowers [So it can be more beautiful].

### Art Classes

The reason I want to make more art classes is because some people might want to be an artist but don't know how to do art. and there's not enough classes for kids so that's why I want to make more art classes.

### Help People Get Money

The second reason why I want to help people get money is because they might really REALLY need the money like let's say that you work at McDonald's and they only pay you 2 or 1 dollars a day and your family does not have enough money for food and you may ask "Why don't they just go to his or her job" he or she really needs the money and his or her family doesn't have the money so if i was a mayor [for a day] i'll make sure money will get higher so that's why I want to help people get money.

### More Houses And More Flowers

The third reason why I want houses and more flowers is because some people need a house and some people like flowers but we need more houses because Green

**Cove Spring is a beautiful place. But we just need more houses because nothing is pretty without a house and some flowers.**

Liam Doyle 5th grade

# If I was mayor

If i was mayor I would have to do a lot of stuff but what would i do.A mayor is a important part of a city or a small place and the mayor makes the city a nice place to live.This means that a mayor has to be busy every day to make things nice.Before the mayor can do anything he or she has to get voted for.When they vote two people who want to be mayor compete and who ever has the most votes is the new mayor.

The mayor has lots of jobs to do and these jobs are important to a city.There's many things he has to do one of them is building structures.For example the mayor is the one who decides if they want to build a park or something.The mayor only builds something if it's important to a city.Here's another job a mayor has to do,this job is making laws.

When the mayor makes a law he has to make sure that it's important and will keep people safe or from doing something bad.The mayor can ask the police if it's a good law or if they don't need it.Then the mayor goes to a voting where they have choices the mayor then meets with other people to vote on the law.If the law is accepted it becomes a law but if it gets more rejections it will not become a law.And if there's an old law and is not used the mayor can get rid of that law.

Another job for a mayor is keeping it clean and healthy.A mayor got to keep a city clean because if the cities not clean the people wont be happy.one way to keep it clean is two put no litter signs up.these will help keep the people from littering they can also make it a law to litter.And the mayor also has to be nice to the citizens even the people who did not vote for them.

Even though the mayor has to do all of this he still keeps the city clean and perfect.This means the mayor is important to the cities health but also the citizens in the city.The mayor has one of the most important jobs even though the mayor is the lowest of the most important people.Without the mayor every city wouldn't be as nice as right now.So i think i could be a good mayor and help a city.

I was just elected as mayor for a day! First, as mayor I will build homeless shelters. Secondly, I will build food banks. Lastly, I will give everyone free money!

First, I will build homeless shelters. I will let families stay. Adults can stay. Also seniors can stay. They all will get food, water, and they will get bathrooms.

Secondly, I will build food banks. Anyone can go to these food banks. When in need people can go there it will be open 24/7. If you are a picky eater that is fine they will have every type of food so everybody will be able to eat the foods they like.

Lastly, everybody gets free money! If anybody needs money I got them. If people need it they can have any amount of money at any time! Free money!

That would be my day as mayor. First, I will build homeless shelters. Secondly, I will build food banks. Lastly, I will give everybody free money. Maybe I could be mayor again someday.

# If I was mayor for a day

Hailey rodriguez

And there! Better? No problem!  
Oh! Hey! I didn't see you there.  
Did you know I'm mayor? But only for a day...  
Wanna see some things that I do?

First I thing I love doing as mayor is helping everyone.  
I'm always helping my people!  
Even when they don't need it...

I also decided to ban DRUGS!  
They're not good!  
But unless it's for medicine and stuff like that it's okay.

Time to go trick or treating! You didn't hear?  
I'm mayor, silly! And I've decided to let everyone have TWO  
days of halloween! Maybe I should also do two days of  
Christmas too...

I love being mayor! Wait... TODAY IS GONNA END!!!  
Aww! I can't be mayor anymore... but maybe you could be  
mayor! What would you do as mayor? But only for a day...

Colton Splatt 10/10/25

So I'm now mayor and I'm going to change three things. So the things I'm going to change are to lower taxes, lower prices of restaurants, and lower prices of pets. The reason I'm going to change these things is so that families can enjoy more things and have to worry less

The first thing that I'm going to change is to lower taxes. People should not have to pay this much for cars, houses, and more. And this would make it so families don't have to worry as much for money. And it brings more people to Green Cove so people would make more profit. So people would get more money.

Secondly, I would make restaurants cheaper so more people would come to them. And some places are really expensive and I personally don't think people should pay that much. And also it would make it so more people and families could enjoy restaurants.

Lastly, I would lower prices for pets. People should not have to pay this much for pets. I had to pay four grand for my rottweiler! It would make it so more people could enjoy their pets because they don't have to pay as much.

So in conclusion I would basically lower prices for things, but stuff like lowering taxes, making food places cheaper, and lowering prices for pets are the main things. But anyways my goal is to make people and families happy.

Izzy Cothran. October 14, 2025

I just got elected mayor of GreencoveSprings this is what I would like to do for the community. Add more soup kitchens, fundraisers, and last I would add more animal shelters.

First let's talk about fundraisers! I think we should have more fundraisers because I want to make sure the police and fire department have what they need. They help us so much and save so many lives, it's time we get them what they need and deserve. We also need to give back to homeless shelters and soup kitchens.

Next let's talk about soup kitchens! Adding more soup kitchens is important because people in need also need to eat, everyone needs to eat. Also if we want people to be healthy they can't just eat snacks they need a real meal.

Last but not least, let's talk about animal shelters! Just like humans animals need a home so if we have more animal shelters more animals have a loving home. They also need food and water.

In conclusion, I think these changes will help Green Cove Springs be a better place!

# If i were mayor...

Eletha Farmer   October 10, 2025   Finished   October 14, 2025

In my mind I just got elected mayor of Green Cove Springs, FL. I would like to change these three things. One, I would add more homeless shelters, Two, Shelters for homeless animals, Lastly, I would decorate the community more often. These are three of many things I would love to change about the community.

I will build more homeless shelters and invite the homeless. I will give them proper food and water per day. I will also decorate every room based on the person's personality.

I will also build more animal shelters and make rooms for the same kind of animal in each room. I will rescue animals from off the street so they aren't in danger living on the street anymore. I will also spend my own personal money on food, water, beds, etc.

I will decorate the community more often like plant more flowers so it looks prettier. I will also decorate for the holidays and make it look festive. Lastly, I will have a gathering with multiple farmers to grow crops and flowers.

These are the things I will for sure change now that I am mayor. There are many more things I would like to change about Green Cove Springs. Thank you for staying to learn more about what I would change about Green Cove Springs. I will do everything in my power to keep these promises.
